

Students can register for a barcode at
NebraskaCollegeFairs.org.

BARCODE/SCANNER PROCESS for College Fairs

(This process is the same for Educational Planning Programs held each fall.)

HOW the process works:

1. **Students visit NebraskaCollegeFairs.org** to complete an online form that includes:
 - contact information
 - age / gender / ethnicity
 - year in school
 - ACT / SAT test scores
 - academic information
 - extracurricular activities
2. After submitting the form, **students print a barcode**, or download it to their smartphone, and take it to the College Fair(s) for college reps to scan.
3. **To bulk register your students**, go to NebraskaCollegeFairs.org/counselor, set up an account, and see Express Student Registration. You may also bulk print barcodes.

HOW the process benefits students:

- Students will not have to complete college information cards giving them more time to talk to college representatives.
- Student data is correct, complete, and legible.
- Students share their barcode data only with those colleges that interest them.
