A note from Heather O'Neill, August 2019: "As our campus visit numbers increase each year it's very important teacher reach out well in advance of when they hope to bring students. It is also important to note that we are not always able to accommodate groups of 8th graders at particular times of the year.

A Spring visit on a Tuesday, Wednesday or Thursday is typically a better time to visit as the fall is the busiest time of the year."
